

# Medicare in Minnesota is changing

Medicare Cost Plans, a type of plan popular in Minnesota, will end in December 2018 for many enrollees, affecting their Medicare coverage for 2019. Those affected will receive notices from Medicare or their Medicare Cost Plan.

## What should Medicare enrollees do?

- Call your plan to find out if you have a Cost Plan.
- If you have a Cost Plan, review your options this fall in the 2019 edition of *Health Care Choices* from the Senior LinkAge Line® at [www.mnhealthcarechoices.com](http://www.mnhealthcarechoices.com).
- Your Medicare plan could automatically enroll you into one of their other plans.
- Or, you may need to enroll in a new plan or purchase a Medicare supplement policy.
- Beginning October 15, visit [www.Medicare.gov](http://www.Medicare.gov) to review plan options and enroll in a new plan.

## Changes to your Medicare coverage can be complicated.

Minnesota's Senior LinkAge Line can provide you with the objective, comprehensive help you need.
